A nseful lot of two-year-olds met is the second race at six furiongs, Challenge being made r 6 to 5 favorite over Burlesqu at 9 to 5. Sloane, who had the moun on the favorite, managed to get virtually left at the post, for which the steward suspended him for five days. This he are his friends claimed, was unjust, as Sloane said that Templestowe had interfered with him so that he could not get away, and that he yelled to the starter not to drop his flag. Challenger is anyhow a very awkward horse to get to leave the post, being stubborn as a mule. Mr. Flyan being stubborn as a mule. Mr. Flyan however, says that Sloane was at his old game, trying to beat the flag, about which he has been repeatedly warned. The trick is to be back about a length and then come with a rush. Moreover Mr. Flyan says that Sloane did not shout till the flag had dropped. Challenger would have won if he had gotten off, for he made up a lot of ground and finished fifth. With im out of the way, Burlesque, ridden out, won by three lengths from The Manxman-vho ran an excellent race.
